OLD BOYS' HOCKEY NIGHT

As organized by **Aub Holmes** and **Chris Wansbrough** ('50) the first Old Boys' Hockey night was an unqualified success. About a hundred and fifty Old Boys and parents turned out. Proceedings were led off by the Under 15's and the U.C.C. bantams, (Tie 3-3), followed by an exhibition of figure skating by current Upper Sixth Lee MacMillan and his sister Ann. Then came what was almost the highlight of the evening—the Council plus recruits vs staff broom-ball game. In spite of the

valiant efforts of top-hatted **George Armstrong** ('33) in the Council nets the Staff triumphed on a penalty shot whacked home by the **Headmaster**. And so on to the main battle of the evening. **Chris Wansbrough's** gang was short on wind but long on experience. Behind 3-2 going into the third period, they came through on **Wansbrough's** two goals to win 4-3 — the first O.B. victory in some years!

Mike Burns ('51), **Roy McMurty** ('50), **Tom Chipman** ('47), **Graham Muirhead** ('57), **Hugh Rolph** ('57), **Grant Edwards** ('56), **Terry Malone** ('51), **Chris Wansbrough** ('50), **Jim Wyse** ('57), **Brian Gilbert** ('57), **Al Plaxton** ('58), **John Dack** ('58), **John Ferguson** ('59), **Peter Shaver** ('58) and **John Walwyn** ('59) made the supreme effort and are to be congratulated on a good show! May this be the first of many Hockey Nights with bigger and better turnouts!

'ROUND AND ABOUT THE SCHOOL

This **Andrean** follows close on the heels of the last one but accumulated news seems to warrant it. As you no doubt will remember there is no dearth of activity at this time of the year. But School has been in only a few weeks since the Christmas holiday and much of the major activity is yet to come. The **Hockey Teams** are doing well. The **Firsts** have won most of their games, including those with U.T.S., Lakefield, and Nichols. The **Thirds** (Mr. Gibb) and The **Under Fifteens** (Mr. Ives) are maintaining an equally good record. **Clan Hockey** is its usual exuberant, fast-and-furious, highly competitive self. **Basketball Firsts** have played only one LBF game so far, losing to U.C.C. The Junior and Midget Teams are playing their way well through a heavy schedule. The **Gym Team** (Mr. Warburton) has many aspirants. The **Debating Team** has had two outside encounters so far, winning against U.C.C. and U.T.S.. Note the date of the **Upper School Play**, "The Caine Mutiny" promises to be a good production. The **Penguin Club** (Mr. Garstang) has had an interesting series of Sunday evening sessions. The **Glee Club** which made such a contribution to the Carol Service is in process of developing a repertoire. The annual contact with Nichols School (Buffalo) was again a pleasant success. They brought Hockey and Basketball Teams and after good games lost to their hosts. The **Student's Council** meets regularly and is doing useful work. Form representatives keep the School informed by reporting to their constituencies after each meeting. The **Skating Party** is in the offing. An innovation will be its including a "buffet" supper at about 5.30 p.m., followed by skating — and then dancing. The freezing rain during the Christmas holidays which encased this part of the world in a thick sheath of ice and kept repeating the performance, caused some havoc. The wreckage of trees is not yet cleared away. A great deal of damaging natural pruning occurred to many trees on the School grounds. **Mac House** provided warm shelter to a member of the Board and his family during the hydro knockout! Some were without power or phones for periods up to a week. The School itself had its share of troubles. Our enquiry about lost **Andreans** which appeared in the last "**Andrean**" under the caption, "Where Are They?" has met with NO response. Have you any ideas about how to track down trackless **Andreans**? 'Round and about the School, the old concentration on trying to prevent School from becoming a roundabout is stronger than ever. With all its variegated activity, the same old integrated pattern is aimed at the good of producing fine, all 'round character with sound academic achievement. Not all of you were aware of this while you were at School — but it was there none-the-less!

THE PRESIDENT GETS HIS MAN

A True Story

Ham Thorburn ('26) to Frank Moores ('51)

— How about lunch this week Frank? Some Old Boys' business we must discuss.

— Have to fly to London tomorrow, Ham, Sorry!

— England? Fine, so do I. Let's make it the Ritz on Thursday.

ONE **MUST** GET TIRED OF THE SAME OLD CLUB LUNCHEES DAY AFTER DAY! — Ed.
